Subject: West Lake CAG FUSRAP Opinion

---

Dear Doug,

Thanks for your note and for your continued service to your community as Chair of the CAG for West Lake.

As I assured the Missouri congressional delegation members who wrote to me on February 28, this agency often engages the U. S. Army Corps of Engineers to employ expertise at Superfund projects, such as West Lake Landfill. Discussions with the St. Louis Corps District Office are in an early stage. When the Corps' role in supporting EPA's work at this site has been defined, I will be sure to update the CAG and community, as well as the elected officials who are interested in this site.

Sincerely yours,  
Karl Brooks
